“ When I moved here in the third grade the first class I had Alex was in it. She greeted me with a smile and said do you want to be friends I'll be your best friend if you do. Naturally I said yes because she had such a warming personality. We remained best friends throughout school and after. I cherish every moment I got to spend with her and Josh and her family. Alex was family to me. I know that the bright light she was is still shining just only in heaven now. As much as I want to cry I know she would want all that knew her to celebrate her life. I will forever miss her. My love and prayers Jason utley
