“ *Buddy, you will forever be in my heart. I know we had our ups and downs, but you will be remembered in my heart by the love we shared. I find comfort in knowing that you will you always be with me and our children. Kayla and Caidan will miss their daddy so much. You could always make them babies smile and laugh. I wish things could have been different. If I could speak to you one last time, I would tell you that I'm sorry. Fly high and watch over us. We love you.*

“ I will forever miss you Boo, I'll never forget when we first met . You was in high school and playing football. I thought I had a baby brother, lord you was my big baby brother. You picked me up and squeezed me so tight. And I did you. We wrote letters for years and we lost connection living our own lives. The last time we really talked is 10-15-18 I was going to treatment. You encouraged me all the way. And thank you it meant a lot. I wished we would have stayed in touch and I'm so sorry I didn't. I'll forever cherish the memories we do have. Fly high baby brother and take care of daddy and Cindy. Till we meet again 🙏🙏🙏

“ I remember the first day I met Watson at FCC Pollock; he told me he was new to Pollock and seemed determined to prove he was a hard worker. He was never far away during a crisis and saved me on one occasion from an assault for sure. Watson was a dedicated employee-always there to help with anything going on. If he knew you had a problem that he couldn't fix, he let you know he would be praying for you. He always had a story about Kayla and Caidan and loved them dearly. Prayers for Kayla and Caidan and their mothers as well as his family and other friends. Watson will be missed by the BOP and his many friends in the BOP.

Met Buddy when he was about 18. He was a great help to us when we bought the shop from his Uncle Bill. He was still in school but worked for us til he was 21. He helped us to learn the business and we'll always be grateful for that. He was always smiling and full of fun. So sorry to lose him so soon. RIP Buddy. You will be missed by everyone that knew you. Prayers for the family.

“ *Dear Little Brother,
We've said we would make time and the time had got away. We never thought for one moment it would come to this day. We never got to meet and I never touched your face. God decided it was your time and he took you in his grace. I will always have your pictures and the thought of meeting you in my heart. One day I'll get to meet you and we'll never be apart. Give a big hug and say hello to Cindy and our Dad. For those of us left behind here, our hearts are very sad. We know you're in the best place, there will ever be. For all that ails you, you are now forever free. Dear Little Brother know that you're so very loved. I wish I could wrap my arms around you and give you a BIG HUG.
Love, Your Big Sis. ~ Tree*
