“ Grandmother was a very loved and important member of our family. Her trip to heaven has left our family with a big void that will be hard to fill. Grandmother always did everything in her power to make sure none of us were unhappy, left out, and we all were taken care of. She was stern, however also very kind. Her birthday is now drawing close, making times a little tougher especially on mom, but luckily grandmother taught her strength since an early age. I thought she would live for ever. "The giving tree", a children's book, describes my grandmother so well.

“ Mrs. Cossey had my daughter in her first class of Wee School and attended Grandparents' breakfast with her in school. She was amazing. She also brought one of her favorite books- "Thunder Cake"- to read to my fifth grade students along with cookies, chocolate frosting, and strawberries, so that each child could make their own Thunder Cake. I have done this activity with my classes ever since. She will be missed.
