“ I had the good fortune to work with Gary for a number of years at Crittenden Memorial Hospital in the Radiology Department and to get to know him. He was a very smart, considerate and gentle man who was a joy to work with and be around. When we had the opportunity to work directly together on returning patient files at the end of the day we had great conversations about many things and that was many times the best part of the work day.

During his time working at CMH he performed exams on both of my parents and took exceptional care of them- but that was they way he handled all his patients. In my 27 years of healthcare experience I can think of no better example of a quiet, caring professional.

After my leaving CMH my contact dwindled and after he retired my contact with him was mostly through email. I was unaware of his illness and was sad to learn of his passing. Gary was a true gentleman and I send my condolences to all who knew and loved him.

“ Gary was in my senior class, and everyone loved him so much. He was the kindest, and non-judgmental person ever born! He treated all his class mates with the Christian attitude that we were all doing our best to be the best person that we could be. He was considerate of everyone's feelings, always smiling, making you feel like every day was beautiful in his eyes. I think Gary was one of the nicest people I have ever known. It is with great sadness that he has left this earth. He meant so much to so many, and I know that this is great loss to his family, However, there is the comfort that it was such a great experience to know him, and that he was a part of their life. He will always be remembered for his love of his fellow man, and his gift to the world as someone that loved life. At our last class reunion it was amazing that he had not changed at all since graduation.
