“ We are so sorry to hear of Gary Pauls passing. When my mother in law passed, Gary Paul was asked to be a pall bearer and he walked every step of the way from Wynne to Slocum Cemetary and was the first one to her graveside, just to do the honor of carrying her to her final resting place. That amount of respect shown can never be forgotten. We were honored to have him as her pall bearer. Gary Paul was a great friend to our family and a man who had a respect and loyalty to his real friends. Fly high Gary Paul, you may be gone but never forgotten!
