“ Thinking you and the kids during this most difficult time. I can not say that I know the pain of losing a husband, but I do know the pain of losing someone you love. Just think of James when he made you happy and made you smile, because those are the ones that will get through, when you think that you can not and know that he is always with you in your heart and watching you from above. I will pray that God gives you the strength to get through the most difficult time(s) in Jesus' name I pray. Amen
