“ Karen and I worked together at the Rice Dryer years ago. That was the first time I met her. She was always happy no matter how hard we were working or how many hours we had worked. She was always a joy to be around! We had a great time together!! We both moved on to different jobs eventually, but everytime me met we talked about the good times we had together. My life has been blessed by having known her. Your family is in my thoughts and prayers.

“ *Karen was a true friend and I will greatly miss her. I enjoyed working with her as an educator but much more than that, I enjoyed and treasured her friendship. Karen was dedicated to teaching and was a champion for our children in the Delta. We had many good times with lots of laughter.*

*My condolences to her children and other family members. Although we've never met, she talked of all of you often. She was proud of all of you and loved you very much.*

*To a great gal--may you rest in peace after your long struggle. I will miss your candid nature, your strength, your honesty, and most of all--your smile.*

“ Beth, Beverly and Brian... I have always considered Karen a dear friend; the kind of friend who could always put a smile on your face, no matter what had you down. From the first time I met her, she was always the same funny, friendly person each time our paths crossed. We were not the friends who kept up with each other every week, but we were always delighted to run into each other in some unexpected place.

Your mom was a woman of great strength and integrity. I admired how hard she worked to better herself and do better for you kids. I will miss her laugh and sense of humor, but mostly I will miss those chats we had when we were fortunate enough to cross paths. My heart aches for your loss, all of our loss. May God comfort you all during this sad time and in all the days yet to come.

“ My heart goes out to the family. I grew up with Karen during my childhood vacations. She was great fun and had a good attitude as a child and teenager. I hadn't been close, but felt her friendship again when I moved back to Arkansas. God Bless.

“Beth, Beverly, and Brian I am so so sorry for your loss. Karen was the best friend I ever had. I have some great memories of her and I will miss her so much. I cannot imagine how you feel losing her. I know how much it hurts me. My deepest sympathy is for your loss. She will be missed so much. There was no one like your mom. She was one of a kind and so much fun. My prayers are with you. If you need me, please call, I know that I am pretty inaccessible except on Saturdays, but you can call me at night on my cell phone if you ever just want to talk about your mom or anything. I love you guys.

*Now i be able to read all this memories what was written by persons they are close to my sister. You know that she was the lost peace in my puzzle what i am searching so many years. I can't describe what her lost means to me. Now, eight years later i miss her every day. It siznds bad but you know that we met us first in april 1987 at the nordsea when she made her first trip to germany with Norma and Eyline the both old lady from texas. I necer forget the situation when we saw us for the first time. Since that moment she was a part of my heart. Never before and never again i felt complete since the momenths when she was beside me. I miss her and she is often in my dreams. Once upon a time we will together for ever.*
