“ Ms. Branch was my Algebra teacher my junior year at Wynne High School. Algebra was never my strong suit but I have wonderful memories of her making it seem much easier. It was a small class and 7th period. We had fun. Rest in Peace. I pray peace and comfort to your family in the months and years to come.

“ *I hated to hear about Kathy because the world is a little darker  
without her. She was a good friend and colleague who always  
thought of the students and made WHS a better place to be. She is  
at peace and not in pain for which we are grateful, but she is  
certainly missed by many former students and colleagues and by  
family and friends. My memories of her will always be with me. With  
love to all her family. George Anne Draper*

“ Ms. Branch was my back door neighbor for most of my life. I remember that I went to her house several times to get help with my algebra homework. She was always so nice and friendly to me. She made Math fun. I got my B.S. in Math in 1980. She was a good influence.
