“ I just want to express my sincere condolences to the family during this difficult time. Louise always had a warm smile and a charming personality.

She came into my life back in late 1997 and was like a grandmother to me. I was pleased to have her granddaughter Jennifer as my best friend 7-12th grade.

I enjoyed many conversations with Ms. Whitehead. I asked her questions about her life and we talked about other subjects as well. Summer activities were one of the main subjects that we talked about. I didn't have hardly any friends growing up, which makes me appreciate Ms. Whitehead taking her time for me through my young adult life.

One special memory I have is going to Liberty Land on Memorial Day Weekend of 1999. That was one of the happiest days of my life. Ms. Louise got to watch me ride many rides. On that day she introduced me to funnel cake. To this day I still love funnel cake, thanks to her! Thanks to her I have so many wonderful memories, too many to share.

I just want to tell the family that I am so sorry for your loss. May the memories you cherish and the passing of time bring you peace.

“ *Remember Me*

*Remember me when flowers bloom Early in the spring Remember
me on sunny days In the fun that summer brings
Remember me in the fall As you walk through the leaves of gold
And in the wintertime-remember me In the stories that are told
But most of all remember each day-right from the start I will be
forever near For I live within your heart.*
