“ *I was just talking to Cathy about all of you the other day on how we need to call more often to keep up with one another. I wish I could be there in person to give you all hugs. Since that isn't possible I just want you to know I love you very much and as I cry here I know you are,too and my prayers will be with you. All my love, Carolyn*

“ *Dear Allie, Frances and Marion,
My heart aches with yours. I wish I were there to hug and hold you in comfort and talk of all our past good memories, I've listened to so many of our family stories and I treasure them all. Please hug one another from me and Momma. I don't tell her sad news anymore I'm afraid she will feel more and more alone in the world. Though we are miles apart I love you all dearly. I pray for God's comfort and peace for each of you. Love to you all, Cathy and Aunt Gladys*
