“ It's hard to list just one memory of this angel. I have so many . She was the most loving, kind, compassionate woman I have ever met. She is the best role model and friend I could have ever asked for to guide me thru life. My nanny is my love, my rock, my heart she is everything good in me she kept me going thru my difficult times in life with a reassuring smile and hug . When I hug this woman I melt every time I never want to let go . The joy I feel when she told me she loved me
Made everything okay. Needless to say I love this woman she is a big part of me and my children and we are going to miss having her here. We love you nanny
