“ To Ricky's Family To Ricky's Daughter, My condolences to you for your loss of Ricky last October. I wanted to apologize for not attending his funeral. I did not find out about his death until a few weeks ago. Ricky and I worked together for several years. I worked with him on his last project and tried to help him as much as I could as he dealt with the cancer. When we first found out about the cancer, he told me that his prayer was to see his daughter graduate High School. I am thankful that he got to see her do that. I hope his daughter is doing well. I just wanted to say that Ricky was a fine man and I considered it a privilege to work with him. Tim Orr
