“ I was so sad to hear about the loss of my dear friend Sheila. She was one of my best friends in High School and we shared lots of fun times. Sheila was always on my mind whenever it was my birthday because we were born on the same day in Wynne!!!! In our younger years we celebrated a few of these birthdays together. My thoughts and prayers are with you, Ricky, and the whole family!! Family was Sheila's most prized possession, so cherish all the fond memories of times that y'all spent together!!!

“ At Hospital where Shelia worked, she was always a bright spot during the workday. Shelia was always willing to help the other nurses and staff when they needed that extra hand. Shelia was short in stature but never let it stop her from taking on the largest of tasks. She was a great practical joker and she could take a joke as well as she could dish it out! Shelia was always a good "listener". Whenever you needed someone to blow off a little steam to or just listen to a problem you were having Shelia would take the time to hear you out. Sometimes she would offer a bit of good advance or sometimes she would just listen. She always seemed to know which one would help the best!

Shelia was one of those people you were glad to see when you went to work because when you work in a stressful environment like the ICU at The MED, you needed a good coworker you could always depend on, and Shelia was one of those people!

My wife and I go to Village Creek State Park a few times each year. Our route takes us by Shelia's house and I see the Big Red Barn and I know we are almost there. I will always remember you every time I see that barn. R. I. P. Shelia Jim Seaton
