“ I search my heart for words to say that might help ease your grief and pain and I realize there aren't any words to be said right now, but know that there are many who will be praying for you in the days, weeks and months ahead that you will find the strength to make it through this most difficult time. Draw upon the love, support and strength of your family and friends surrounding you now, and hold tight the many precious memories you have of Vicki. My thoughts and prayers are with you always and I will miss Vicki until I see her again in our Father's house.
