“ *It doesn't seem that long ago,that we sat in class and would see Ms.Wood and Lettice come across the street to their mother and dads home, while waiting on the kids to get out of school, but time passes fast now, and some memories fade, but good memories of Ralph and Winne will always remain,,May God be with each of you at this time*

“ *To the family of Winnie Wood,
I grew up with cousin Winnie, feeling as though she were my sister. She adored her family serving as the matriarch and caregiver; acting as a loyal daughter, sister, cousin, wife, mother, grandmother and great grandmother. Winnie and I shared many good times together and survived the hard times as well. She showed remarkable courage and inner strength when challenged during difficult situations. Hold on to her sweet memory. We are all better people for having Winnie in our lives. I look forward to seeing her again.*

Winnie was a kind, generous woman who always found the good in everyone. Her sweet smile, laugh and sense of humor are memorable. She came from the greatest generation with a tremendous work ethic, love of family and country. Winnie had such a sense of style and class. . . a true southern lady. We are all better people to have had her in our lives. Heaven received another angel today!
